

# Sustainability in the Traveler's Journey

Many of today's travelers are seeking more sustainable experiences and meaningful connections with the cultures and communities they visit. Our hotels are creating more sustainable stays that guests can feel good about by embedding responsible travel practices throughout the travel journey, whether a guest is traveling for work, leisure or group travel.

Here are some common examples of how guests might experience Travel with Purpose when they stay at one of our hotels.

## Plan

Filter your hotel search to identify sustainable amenities including EV charging and Digital Key

Find sustainability certifications on booking portals

For groups, select pre-travel guidance for your event attendees to encourage sustainable travel choices

## Check-in

Access your room with Digital Key

Bring your reusable water bottle and fill up at one of our hydration stations

Charge your electric vehicle at one of our EV charging stations

## Gather

For meetings & events, quantify the environmental footprint of your event through our Meeting Impact Calculator and work with the hotel sales team to address the emissions associated with the meeting

Consider our sustainability guidance for a memorable and sustainable event

## Stay

Reduce plastic waste using our full-size shampoos & other amenities

Dry off with our longer-lasting towels and linens

Recycle with in-room bins

Save energy with our LED lighting
